## BOWLERS ARE STRIKING GAIT

In a Week Local Maple Top-  
pers Will Be Chalking Up  
Good Strings.

The bowling craze is fairly on, and there are a number of lame forearms and sore thumbs in consequence. While it looks the easiest thing in the world to slide gracefully up to the line, dip the body, and send the big ball slithering diagonally down the mirrored maple, it is in reality a more or less violent form of exercise, and brings into play all sorts of muscles that are not called into service in any other sport.

The three alleys at the Y. M. C. A. have been in almost constant use since they were opened Saturday last. The clatter of falling wood can be heard from 10:30 in the morning until 10:30 at night. So far not a 200 score has been rolled, but there are half a dozen men who have shown class enough to turn the trick, once they get back into their swing and get used to the alleys and balls. The appliances are all first class, and one doesn't have to make allowances for pipe drives and rough balls, but the players here are rolling against brand-new pins, and the alleys themselves are harder to roll on than they will be a few months hence, when they have been polished by the actual slide of the balls as well as by elbow-grease.

A. T. Wisdom, the alley manager, has chalked up the best score to date, his mark being 195. He rolls a fast cross-alley ball that he starts from the right-hand side and throws against the left side of the king pin. Wisdom is a good roller, and when he gets in shape and gets his bowling eye in, he should be able to record some good strings.

The five-man tournament will probably not be started for three weeks. A number of the players who will enter it know practically nothing about the game and want a chance to practice up before appearing in competition.

Malachuk Kittredge, the once famous catcher, attributes Jack Coombs' effectiveness to the fact that the iron man has mastered the drop ball that does not break from right-handed batters, but comes up to the plate squarely in the center and falls from one to two feet without changing its lateral direction.

Robert W. Shingle as guardian of Samuel G. Wight, filed his third annual account in the Circuit Court yesterday afternoon. He charges himself with \$1419.94 and asks to be allowed \$1281.04.

## WOMEN GOLFERS IN TOURNAMENT PLAY AT COUNTRY CLUB

The women golfers of the Country Club will have their chance this week, a medal play competition having been started this morning. The tournament is a sort of go-as-you-please affair, for the players, although they have only a holes to do, will be allowed to play any morning during the week. This provision is made so that all may have a chance of competing.

Miss Wilhelmina Tenney, who has recently returned from the Coast, is probably the best of the women players using the course just now. Mrs. Walter Dillingham is another player who has figured in big mainland events, although she hasn't been seen much on the course of late.

The competition now in progress is a handicap, and generous allowances have been made to the less experienced club-swingers. A mixed foursome tournament is planned for the near future.

## PUNAHOU PLAYERS ARE TAKING NO CHANCES OVER NEXT GAME

Improved Form of High School Team Has Forced Leaders to  
Stay Right on the Job—High School-College of Hawaii  
Game May Be Protested.

The remarkable improvement in form shown by the High School football team in its game against College of Hawaii last Saturday has shaken the Punahou squad out of some of its confidence. Up to last Saturday the Oahu College lads looked like the only real cocks of the football walk, and while they still figure to win from the McKinleyites next Saturday, it is certain that Coach Rader's men will give them a harder run for the money than was the case when the teams came together in the initial meeting of the season. On that occasion High School showed flashes of brilliant play, and was able to score once, a feat which Hawaii had been unable to accomplish.

The last three games of the triangular series resulted as follows: Punahou 23, High School 3; Punahou 17, College of Hawaii 9; College of Hawaii 6, High School 3. These scores do not afford a very good line on the relative strength of the teams, however. At the present time Punahou looks to be the best team by a good margin, while McKinley and Hawaii stand on about an even footing. The Highs are coming on so fast, though, that Captain Paty of Punahou hasn't let his men go to sleep on the job, and when the two teams come together this week a pretty battle should result.

There is a probability that High School will protest the game is dropped to Hawaii last Saturday, on the ground that the referee, Bill Desha, made several wrong decisions during the play, all of which worked against McKinley. In fact, some of the players go as far as to say that they would surely have won the game but for the mistakes in ruling. Refereeing a football game has become more or less of an exact science of late years, and what with the changes in rules every season, and the fast moves of actual play, it is no easy job to both see and punish misplays and rough work. If referees of national experience make mistakes once in a while, it is quite likely that Desha changed the result or not is another matter. No formal protest has been entered yet, but it is understood that the grievance will be reduced to writing, and an effort made to have the game played over.

## BOXING KILLED IN OLD ENGLAND

BIRMINGHAM, Eng., Nov. 13.—A magistrate in the police court today ruled that the proposed contest between Owen Moran and Jim Driscoll for the lightweight championship of England would be a prizefight within the meaning of the law and therefore illegal. He bound Moran and Driscoll to keep the peace.

This decision is regarded in sporting circles as practically equivalent to a death blow to boxing in England, unless it is reversed by a higher court, to which an appeal will be taken immediately.

The fight was to be held in December for a purse of \$10,000.

Ira Thomas played with the Browns, Tigers, Red Sox and Yankees before he landed his job with the Athletics.

Arthur Fletcher began playing professional ball with the Dallas club of the Texas League in 1907.

## BAKER'S BAT BRINGS \$250.

NEW YORK, N. Y., Nov. 13.—The bat with which "Home Run Frank" Baker of the Philadelphia Athletics smashed his way through the world's series was sold at auction for \$250 here last night. The sale was the crowning feature of a big benefit tendered by baseball men to Fred M. Knowles, former secretary of the New York Nationals, who retired from his position two seasons ago, owing to poor health. He will take up his residence in Denver.

## STILL SOME HOPE FOR CARL MORRIS, "WHITE HOPE" JOKE

The bout between Carl Morris, the Oklahoma heavyweight, and Jack Geyer of Denver, fought in New York recently, was stopped by Referee White in the ninth round. Morris easily outpointed the Denver heavyweight throughout.

The ponderous Oklahoma man tipped the scales at 235 pounds, with Geyer 30 pounds lighter. The bout was a hard, fast battle. Although Morris outpointed his man in every round, except possibly the first, Geyer showed wonderful pluck and was continuously boring in, his most effective blow being a short left uppercut.

There was not a knockdown in the nine rounds, but frequently Morris had his man on the ropes in the rushes—the ring was 17 feet square—but the Denver man showed his gameness by fighting hard after his left eye had been closed. The referee stopped the bout in the ninth to save him from a further beating.
